With great pleasure, I present to you the annual report of Aalaya Academy for the academic year 2022-23.

This year was a challenging one for us. After a gap of over 18 months, all our students were back to school and our teachers had a very tough time, in bridging the gap of learning.

With great contentment, I can affirm that we have been able to bring our children back to the rhythm of learning. All praise to the dedication and hard work of the teachers.

Apart from preparing the children for academic demands, we give emphasis in preparing our children to face the challenges of the competitive world.

We strive for the excellence, in everything we do. Our priority is not just subjects, instead we aim at a holistic education, focusing overall development of our students.

The most proud moment for Aalaya Academy was CBSE inspection which was held in the month Jan 2022. The team was very happy and they appreciated our school hygienic campus, teaching methodology and discipline of students.
